# CATALOGUE

2023-2024

## Discover the best

Pentel is a household name responsible for some of the world's favourite writing instruments.

We've been around for over 70 years, when the company was founded in Japan and began producing quality brush pens and pastels.

Over the decades Pentel has been responsible for some of the most memorable innovations in writing instruments technology – from permanent markers like N50 to ground-breaking rollerballs and correction pens. It's estimated that the development of two-thirds of the writing instruments in use today has been inspired by Pentel innovation.

And today, from quick-drying, smudge-reducing EnerGel, to unique Hybrid Dual Metallic pens, to our colourful and convenient Pentel Arts range there's something to inspire everyone.

Our Recycology range reflects our commitment to manufacturing products that have less harmful impact on the environment than conventional alternatives. The collection includes display books and presentation files made from at least 50 per cent recycled materials, without the need to compromise quality.

Pentel has a company-wide total quality management programme and many of our factories are registered to ISO standards. We recognise the importance of developing products that benefit consumers and the environment by using low-odour inks and recycled materials wherever possible.

We've been in the UK for more than five decades and from our office near Swindon, Wiltshire, we service the needs of customers throughout the UK and Ireland. Our dedicated sales and customer service teams can offer support and advice to help retailers, office and education products suppliers make the most of every opportunity in today's changing workplace. We offer a variety of merchandising solutions, many of which can be found in our latest catalogue.

## COLOUR CODES

A - Black	B - Red	C - Blue
CA - Blue/Black	D - Green	E - Brown
F - Orange	G - Yellow	K - Light Green
M - Assorted	N - Grey	P - Pink
S - Sky Blue	S3 - Turquoise	V - Violet

# WHAT'S NEW

# CORPORATE PARTNERSHIPS

It's with excitement and anticipation that we bring you our 2023-24 catalogue which showcases some of the great new products we're about to launch, together with some you may have missed and, of course, firm favourites your customers already love.

Our flagship EnerGel range continues to grow, with new additions to the beautiful **Philography** collection, and the introduction of two new products with impeccable environmental credentials: **EnerGel Xm Eco**, a new version of our EnerGel Xm Retractable pen with 79% recycled material and **EnerGel Eco 96**, which has the highest percentage of recycled material of any Pentel writing instrument.

Next, there's a fantastic new member of the iZee ballpoint pen family. **iZee 4 Colour Pen** features the distinctive honeycomb iZee grip and offers four different ink colours in one pen, with a choice of standard, fashion or education-ready shades.

The innovative Orenz mechanical pencil range reaches the ultimate in sophistication with the introduction of new Orenz Nero.

If you're looking for Pentel marker performance with an extra fine tip our new **NF450** permanent marker is just the ticket, with low-odour ink and four vibrant colours to choose from.

Inspiring freedom of creative expression is our passion and we're delighted to bring you a host of fabulous additions to our Pentel Arts family. **Dual Metallic Brush** is inspired by the iridescent ink of our fantastic Hybrid Dual Metallic pen range, with a flexible brush that allows you to create stunning artwork with flair and flourish. In the same family, another new arrival is the gorgeous **Milky Brush**, with the same brush tip technology and eight beautiful pastel ink shades. **Dual Metallic Brush** and **Milky Brush** look wonderful on dark or light-coloured paper.

Whether flexible or slightly firm, Pentel's brush tip technology is second to none and we're proud to launch the new **Twin Tip Brush Sign Pen**, which has two tip sizes in one pen, in a range of 30 colours.

Our popular oil pastels range features two eye-catching additions now we've added **metallic** and **fluorescent** colours to the family. The ISO-compliant **Pointliner** pen, which is perfect for sketching, drawing and writing, benefits from new sizes and ink colours, including two very welcome and much requested **calligraphy** style tips.

And for all-round versatility and excellent performance the **MMP10** and **MSP10** Pentel Paint Marker ranges each feature 21 brilliant colours, including five shimmering pearlescent shades.

You may have noticed already that we've replaced our conventional blister cards with new **plastic-free retail packaging**, which offers all the impact at the point-of-sale in 100% recyclable cardboard format. Discover more about these new developments and other merchandising options on page 66 of this catalogue

Our product ranges are updated during the life of this catalogue, so for the latest information contact your Pentel representative or visit [www.pentel.co.uk](http://www.pentel.co.uk)

**Pentel is proud to be a corporate partner of Breast Cancer Now and Prostate Cancer UK. Thanks to your support we continue to raise thousands of pounds to help fund vital projects in the UK and Ireland to improve the lives of those who suffer from these diseases.**

We've supported Breast Cancer Now since 2006 and have raised over **£1.6 million** for the charity to date. Our relationship with Prostate Cancer UK began in 2009 and donations to the charity are now in excess of **£693,000**.

Our special edition products are available from many customers, plus our own online store. We make a donation to the respective charity for every pen sold.

Find out more about our partnerships with Breast Cancer Now and Prostate Cancer UK and help us raise more money to support the work of these important charities.

Breast Cancer Now is the charity that's steered by world-class research and powered by life-changing care. They're here for anyone affected by breast cancer, the whole way through, providing support for today and hope for the future.

They believe that if we all act now, we can change the future of breast cancer and make sure that, by 2050, everyone diagnosed with the disease lives – and is supported to live well.

Visit [www.breastcancernow.org](http://www.breastcancernow.org) for more information

See page 15 for product details.

Prostate Cancer UK is leading the fight against prostate cancer. They're here for the millions of families concerned

or affected by prostate cancer wherever they live in the UK. They support men and their families living with the impact of prostate cancer now, fund research to protect men in the future and campaigns to raise awareness and drive change.

Visit [www.prostatecanceruk.org](http://www.prostatecanceruk.org) for more information

See page 15 for product details.

# RECYCOLOGY

## PENTEL AND THE ENVIRONMENT

Our commitment to the three Rs – **reduce, reuse, recycle** – is encapsulated in one word: **Recycology**.

It's how we describe the efforts we make to use natural resources sensitively and responsibly throughout our business. It's also about how Pentel can help you choose products that have a **reduced impact on the environment**.

We offer you a wide range of writing instruments, filing products and display books made using a minimum of 50% recycled material. Plus, many more of our pens, and all of our pencils, are refillable.

### ACTING RESPONSIBLY WITH RECYCOLOGY

Throughout our business we're working hard to help preserve and protect the environment, whether that's by using recycled plastic in our pens or introducing new cardboard packaging for our products.

This isn't something new for us. Our parent company in Tokyo has a dedicated environmental management framework based on its Environmental Principles programme that was established in the mid-1990s. This framework informs, develops and operates environmental management systems to make Pentel activities at factories and offices more effective in terms of sustainability and protection of the environment. Pentel's factories in Japan, Taiwan, Thailand and Mexico are all accredited to the environmental management standard **ISO 14001**.

In product development Pentel factories have a duty to use recycled materials wherever possible. And it's always been our goal to make products that last a long time or can be refilled, to reduce the need to throw away perfectly usable products.

What could be more environmentally responsible than a refillable pencil? Pentel have been designing and manufacturing mechanical pencils for more than 50 years. Each time you choose a Pentel mechanical pencil you're helping to reduce the requirement for thousands of trees that are chopped down every year to make traditional wood-case pencils.

### RECYCOLOGY DISPLAY BOOKS AND PRESENTATION FILES

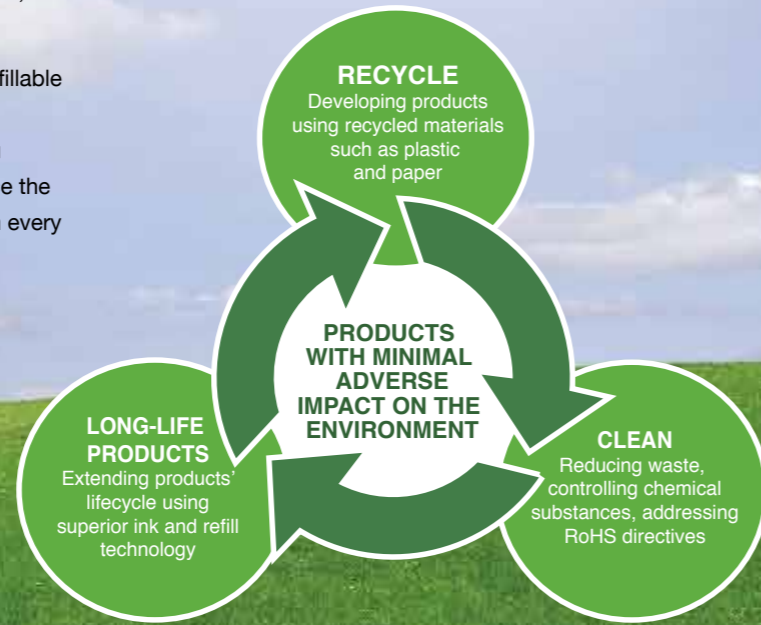

In 2006 Pentel launched a range of display books, presentation files and folders all made using a minimum of **50% recycled materials\***. Recycology filing products use fewer valuable virgin resources than non-recycled equivalents, without compromising quality. Ideal for projects, presentations, photos or hobbies, the Recycology range is perfect for office, school or home and helps you keep precious documents protected and organised.

### RECYCOLOGY WRITING INSTRUMENTS

Where you see the Recycology logo next to a Pentel product this denotes that the item contains a minimum of 50% recycled material\*. Where practical, our factories try to manufacture as many products as possible using recycled materials. We're proud to say that two-thirds of our quick-drying EnerGel range is classified under the **Recycology** umbrella, including our new EnerGel Eco 96% pen, which is made using a minimum of 96% post-consumer recycled material (and it's refillable).

Don't forget to refill your Pentel pen or mechanical pencil. Over 40% of the products in our entire UK range can be refilled, including even our Roll 'n' Glue and Brush Glue bottles.

**So, there's really no need to throw away a perfectly reusable Pentel product.**

Pentel Co. Ltd. operates a rigorous environmental management framework

\*Percentage based on total weight of product excluding consumable elements.

# SUSTAINABLE SOLUTIONS

### DON'T BIN IT, REFILL IT

We want to encourage everyone who buys a refillable Pentel product to do just that. So, that's why we've developed our message, 'If You Love It Refill It' to help identify those items that can be used over and again. When you view our catalogue you'll see this logo next to certain products and you'll find the refill item codes and colours listed, to make it

easy to select the right one.

For more information on our refills see page 81

# NEW PLASTIC-FREE PACKAGING

### 100% RECYCLABLE CARDBOARD

We're all aware of the need to eradicate unnecessary single-use plastic in packaging and it's a priority for Pentel. Boxes for loose Pentel pens, markers and pencils have, for many years, been made using recycled board.

We've spent the last couple of years converting our blister card range to cardboard hanging packs and in the latest phase of this key project we've moved multipacks of most of our wallet sets from plastic to cardboard.

Where we continue to use plastic in packaging for best protection of products, the material is polypropylene, with a minimum of 30% recycled content. The wallets allow multiple products to be kept together conveniently, like a pencil case, rather than throwing away the packaging immediately after purchase. When no longer required the empty wallets can be recycled.

**SEE PAGES 66 TO 80 FOR OUR FULL PLASTIC-FREE PACKAGING AND COMPLETE MERCHANDISING SOLUTIONS RANGE.**

# PenTools

by Pentel

Choosing the right product for the task can mean the difference between a professional job and disappointing results. The Pentel brand has been associated with quality, performance and reliability for over 70 years. It's no secret that millions of people around the world trust Pentel to provide products to meet their needs, whatever the challenge.

From writing and planning to labelling and surveying, in the office, workshop, factory or home it's important to have the right tools for the job. Many markers boast extra long writing lengths, but what's the point if the tip has deteriorated after just one use on a rough surface? Thankfully, with Pentel you get the performance, longevity and reliability you need when second-best isn't an option.

The PenTools by Pentel collection has been harnessed from an existing range of top performing products to meet the needs of your individual project. Top quality products for writing and labelling, combined with superior versatility and durability, help manufacturers, tradespeople, the building trade and the keen DIYer ensure their projects are a success from start to finish.

See our PenTools catalogue for more detailed product information.

## N50/N60 Permanent Markers

Our top permanent marker, N50 has a durable 4.3mm bullet tip, while the N60 has a chisel tip measuring 3.5mm – 5.7mm. These rugged all-rounders are extremely hard-wearing, with robust aluminium barrels and our tried and trusted permanent, waterproof ink that marks on virtually any surface.

Bullet Point pack of 4  
N50-PRO4ABCEU ●●●● ink colours

Chisel Tip pack of 4  
N60-PRO4ABCEU ●●●● ink colours

## N50S/N50XL Permanent Markers

With the same ink as N50 and N60 that even writes on wet, oily or dirty surfaces, N50S has a fine 3.18mm bullet point for marking in small areas, while the N50XL has a jumbo chisel tip measuring 8.0mm – 15.4mm for covering large areas.

Fine Bullet Point pack of 4  
N50S-PRO4ABCEU ●●●● ink colours

Extra Large Chisel Tip single piece pack  
N50XL-PRO1AEU ● ink colour

## X100W Permanent Paint Marker

A Pentel favourite for many years this white pigment-based and high opacity paint marker is quick drying and waterproof even on oily, wet, dusty or greasy surfaces. With its compact aluminium barrel X100W is ideally suited to industrial uses and the 6.6mm bullet tip writes smoothly on non-porous surfaces.

Bullet Point single piece pack  
X100W-PRO1EU ○ ink colour

## Twin Tip Permanent Marker

With two tips in one pen the N75W permanent marker offers maximum versatility for a range of tasks on plastic, glass, adhesive tape, thick paper, CD/DVD, steel and wood. The low-odour ink makes the marker suitable for everyday and domestic use. The marker has a 0.3mm super fine tip one end and a 1.2mm bullet point the other.

Twin Tip pack of 3  
N75W-PRO3ABCEU ●●● ink colours

## Wet Erase Liquid Chalk Markers

Producing a chalk-like effect our Liquid Glass and Chalk Marker is ideal for use on smooth and sealed surfaces, such as mirrors and conventional slate boards. Once dry, the ink is weatherproof, but can be removed with a wet cloth. The chisel tip measures 2.0mm – 4.0mm but can be turned around to reveal a bullet point the other end for enhanced versatility. Ideal for menus, announcements and creative work. Made with 69% recycled material\*.

Chisel Tip/Bullet Point pack of 4  
SMW26-PRO4MX1EU ●●●○ ink colours

## PAINT MARKER Permanent Markers

The MMP20 Paint Marker is a firm favourite in manufacturing environments and with skilled trades, thanks to its impressively durable, hardwearing and weather-resistant ink which marks on most surfaces, giving high opacity and brightness of colour. The 4.0mm bullet point marks clearly even on surfaces that are slightly oily, wet or dusty.

Bullet Point pack of 4  
MMP20-PRO4MX1EU ●●●○ ink colours

## AM13 Mechanical Pencil and Refill Leads

When accuracy on wood is required, the AM13 combines the advantages of a mechanical pencil with the broad line width typical in pencils for skilled trades such as carpentry. Producing a precise, 1.3mm line width, the AM13 always leaves a visible mark, without the need to waste time sharpening the lead.

## ENERGEL Permanent Document Rollerball

Certified to ISO 27668-2 and designed for signing contracts and other important long-term record-keeping EnerGel Document has pigmented, fade-resistant, waterproof and non-erasable ink. Unlike conventional gel pens EnerGel ink is ideal for both right and left-handed writers with its non-smearing, fast-drying formula. The 0.7mm tip gives a medium line width and the pen is also refillable. The perfect choice for archival work or when outside on-site. Made with 54% recycled material\*.

# ENERGEL

With its revolutionary low viscosity liquid gel ink, the EnerGel formula is **quicker drying** and smoother flowing than ordinary gel ink, giving a similar sensation to liquid ink. Because the ink dries super quickly it's appreciated by right and left-handed writers alike, as it reduces smudging on paper or hands.

Unlike liquid ink products, though, EnerGel doesn't need a regulator to control its flow – the ink is delivered directly from the reservoir or refill to the tip in one smooth transition. That's why the family of EnerGel products gives you the ultimate, yet affordable, writing experience. The majority of the EnerGel range is made from a minimum of 50% recycled material. And our new EnerGel Eco 96% pens are made from 96% post consumer recycled material - our highest percentage yet in a pen.

**EnerGel is the original: Accept no compromise.**

# GEL PENS AND CLASSIC ROLLERBALLS

Pentel's gel is a pigment-based ink which is especially rich in colour. Perfect for creative use or everyday writing, the ink flows smoothly to the last drop. There are many products and styles to choose from within the popular range, with stunning colours and a variety of tip sizes.

All Pentel gel rollers are acid-free. The Hybrid Dual Metallic is one of our most original products. With its sparkling iridescent gel ink, it looks different on dark or light paper: try it and you'll see that Hybrid Dual Metallic is unlike any other gel pen. There are 15 stunning shades including our 7 fabulous 'fantasy' colours.

Our classic rollerball is the world-famous Ball Pentel, with its smooth flowing, water-based ink and iconic green barrel, still a favourite after half a century.

## GEL PENS AND CLASSIC ROLLERBALLS

### Hybrid Gel Grip DX

- Distinctive chunky barrel
- Ultra smooth flowing pigment gel ink
- Delivers smooth and stress-free writing
- Rubber finger grip for comfort

# BALLPOINT PENS

Our range of ballpoint pens provides an excellent choice of different designs, from the comfortable e-Ball to the popular everyday Superb.

Each ballpoint pen has its own unique style, contains oil-based ink and delivers smooth, stress-free writing. Our low-viscosity ballpoints provide the smoothest of writing experiences.

The latest addition is the new iZee collection, available in a choice of cap style or retractable - both in 8 vibrant colours and offering amazing value for money - and they're both refillable. Plus new for 2023 is the iZee 4 Colour Pen in a choice of barrel and ink colours.

Whether you're looking for a range of colours, or an everyday writing product, there's a pen to suit your requirements here.

**PLASTIC/FIBRE TIP PENS**

Pentel developed the very first fibre tipped pen - the world famous Sign Pen - over 50 years ago. This product, along with others such as the Ultra Fine Pen, helped establish our reputation for performance and innovation. Half a century on, Sign Pen and Ultra Fine are still firm favourites in the studio, office, college and home, complemented by new members of the family such as Pointliner and, of course, our famous delta-nibbed fountain pen range.

## Sign Pen

- The original fibre-tipped pen
- The designer's choice - perfect for graphics and illustrations
- Non-permanent water-based ink in 12 colours
- For office, college or home
- Made from 83% recycled material\*

# MARKERS

When it comes to markers, Pentel products offer unparalleled quality, reliability and performance. Our extensive range provides a product for virtually every purpose, from tough, durable permanent markers for a variety of surfaces, to dry wipe markers for presentations and meetings, liquid chalk markers for everyday signs and notices and highlighters for colour-coding, underlining or ear-marking key passages of text or figures.

The N50 name has been synonymous with quality and performance for decades - and now the family includes other tip sizes.

It's no wonder we've been a leader in marker technology for many years.

## PERMANENT MARKERS

\*SMW26/56 are suitable for use on conventional slate chalk boards and glass. Do not use on vinyl, wood and painted MDF 'chalk' boards. For removal tips from suitable surfaces please visit the product section of our website [www.pentel.co.uk](http://www.pentel.co.uk).

Heavy duty permanent marker ink may 'bleed' through light paper. Always test suitability before extensive use.

Permanent markers are not recommended for use by young children. SMW26 has a reversible bullet tip and chisel tip

## MECHANICAL PENCILS & LEADS

Fine lead mechanical pencil technology has been a Pentel speciality for over 50 years. Our wide range of products offers an exceptional choice of pencils for professional, commercial and domestic use. The range is complemented by Pentel refill leads, which are stronger and longer-lasting than ordinary graphite leads. Our AIN STEIN range is our strongest ever refill lead, with ultimate resistance to breakage and superb density of colour.

**CORRECTION**

Pentel developed the very first valve-controlled correction pen for neat, accurate cover-ups. We went one better with Micro Correct, a metal-tipped correction pen, which puts you in control of your correcting, with no mess, no waste and no fuss!

Our latest innovation, Correct Express, dries quickly and evenly to give a smooth, flat surface for writing over, with no lumps and bumps.

Pentel's correction range encompasses liquid products and a correction tape for covering pen ink, plus low-debris erasers for mistakes made in pencil. Excellent performance and long lasting value are the hallmarks of our range.

**MICRO CORRECT**

- The original metal-tipped correction pen
- Dispenses fluid exactly where needed
- Valve-controlled flow makes corrections neat and accurate
- Every last drop of fluid can be used
- Low-odour, trichloroethane-free formula
- Long-lasting size
- Made from a minimum of 50% recycled material\*

\*Percentage based on the total weight of the product excluding the fluid

Cardboard packs & display available - see pages 69, 73 & 78

**ZL31**  
Contains 12ml of fluid

**HI-POLYMER ERASER**

- Excellent quality pencil eraser
- Micro capsule formula gives super-clean results
- Requires less friction and effort than ordinary erasers
- Minimal debris
- Protective sleeve

Carton doubles as a display - see page 78

- Erasers supplied in protective metal sleeve

**Z2-1N**  
4 pcs per tube

# ART MATERIALS

Artists, students and craft enthusiasts can choose from a variety of wonderful Pentel Arts products, made from quality materials and available in brilliant colours. Perfect for painting, drawing, decorating or designing, let your creativity flourish with Pentel Arts.

Our oil pastels collection offers a range of up to 49 standard colours, with lovely blending properties, and we've now added six metallic and six fluorescent shades. Our water brushes can be used with many blendable media to create beautiful effects.

We also offer great quality colour pencils for sketching and drawing, and our pen collection includes acid-free gel ink pens, and our Brush Sign Pen range, ideal for hand lettering.

## ART MATERIALS

### Oil Pastels

- Brilliant, fade-resistant colours
- Creamy softness makes pastels easy to lay down
- Slow drying time means you can work on a piece for several weeks
- Ideal for most types of paper (including pastel, water colour, cartridge, craft etc.) as well as canvas, oil and acrylic boards
- Great to use in conjunction with watercolours, oil paints and soft pastels
- Superb range of up to 49 colours
- Plus! Class packs of 36 sets of PHN4-12 and 12 sets of PHN4-12

PHN4-12, 16, 25, 36, 50, PHN4-12CP & PHN4-12/CPNEW

### Oil Pastels Metallic & Fluorescent

- The six vibrant fluorescent shades and the satin-like pearl tones of the metallic oil pastels show up brightly on dark and light-coloured paper
- Creamy softness makes pastels easy to lay down
- Pastels apply smoothly and blend easily
- Ideal for most types of paper (including pastel, water colour, cartridge, craft etc.) as well as canvas, oil and acrylic boards
- Mixed set of 12 also available

PHN-F6, M6, MF12

## Fabric Fun Pastel Dye Sticks

- Fun, easy way to transform natural absorbent fabrics with unique designs
- Apply pastels directly onto fabric
- Cover completed design with a clean sheet of paper or cloth, and press over it with a hot iron to set the dyes
- Once set, design is permanent (If you're not happy with your design, don't iron it, but wash it out in cold water and start again)
- Works best on natural, absorbent light-coloured fabrics such as cotton, linen or silk
- Sets of 7 or 15 or holiday activity set with 1 pack of PTS-15, t-shirt, templates, fabric gel roller and project book

*N.B. Even if the dyes haven't been fixed using an iron, Pentel can't guarantee that the colours will be completely removed after washing.*

*Some fading may occur after repeated washing of fabrics/garments*

PTS-7 & 15  
PTS15/BN15-SET

## Colour Pencils

- Pre-sharpened woodcase pencils with strong pigment colours
- Apply smoothly and blend easily for subtle shades, tints and colour mixtures
- Long lasting and fade-resistant
- Great to use in conjunction with watercolour paints and chalk pastels
- Improved break-resistance
- Hexagonal, anti-roll barrel
- Woodcase derived from well-managed forests
- Packs of 12 or 24

## RECYCOLOGY

Recycology from Pentel is a range of filing products and display books, plus writing and drawing instruments which help to make the world's resources go further. Made from more than 50% recycled materials the products use fewer valuable virgin resources than standard equivalents, without compromising quality. Many products in the range are long-lasting, refillable and/or reusable.

Inspired by the concept of the 3Rs – Reduce, Reuse, Recycle – Recycology products also incorporate the style and performance associated with Pentel. So, now you can enhance your environment, as well as help to protect it.

Recycology writing instruments are shown within their product families. Look for the Recycology logo throughout this catalogue.

Percentage of recycled material based on the total weight of the product excluding consumable elements

### DISPLAY BOOK SUPERIOR

- Superior quality display book with top-opening pockets
- Title space on spine for easy reference
- Handy inside pocket for business cards, notes, documents, CDs
- Non-reflective, matt finish, low-static pockets with insert paper

## PACKAGING AND MERCHANDISING

Pentel merchandising is designed for maximum impact, practicality and convenience. From smaller hanging packs for two or three products, to mini packs for counters or till point positions, to floor-standing display units for loose products, hanging packs or larger sets, we have solutions to present a wide range of Pentel products to best in-store effect.

Where space is limited, our mini packs maximise awareness in the smallest of areas, while Ultima display systems are the perfect, one-stop option for a comprehensive collection of Pentel products. Our range is updated continually, please contact your Pentel representative for the latest information.

## NEW CARDBOARD HANGING PACKS

# NEW RANGE OF RETAIL PACKS, made from 100% recyclable cardboard

Pentel have long been committed for many years to reduce the impact on the environment of our products and packaging. From the launch of our Recycology range of products with more than 50% recycled material, to our latest initiative to remove all unnecessary single-use plastic from our retail packaging, our mission is to provide sustainable solutions in every aspect of our business.

For decades our office packs of loose products have been made using recycled/recyclable board. Now, we offer retail customers hanging packs made using board from sustainably managed woodland that combine high-impact visibility with environment-friendly credentials for maximum on-peg appeal.

- Euro hooks for blister cards or metal shelves available as an optional extra
- Lockable stock box at base of unit

Approximate dimensions:  
W 510mm x H 1890mm x D 350mm

Weight - 36kg

ULT/500L

## Don't throw away your pen...Refill it!

When your pen has finally run out, don't bin it, refill it.  
Doing so not only helps reduce waste, but it also makes budgets go further.

Many Pentel products can be refilled, including all our mechanical pencils and the majority of our quick-drying EnerGel range. Refill leads and erasers are available for Pentel mechanical pencils, and their long-lasting quality helps reduce environmental impact. Many of our ballpoint pens are also refillable, including our new iZee range.

So, there really is no need to throw away a perfectly reusable Pentel product. Look out for this logo or text in our catalogue or on hanging packs, to identify refillable Pentel products.
